

Find the surface area of a pizza box whose  $l=18$  inches,  $w = 18$  inches and  $h = 2$  inches.

Include in your glog

1. a picture of a rectangular prism labeled with the above numbers,
2. the net of the pizza box,
3. the answer to the surface area with the correct label and
4. an explanation detailing how you arrived at your answer.

Extra: You can include a youtube video on how to find surface area and embed it if you have time.
